

Save the Date!

November 4–5, 2010

Focus on Camp Fire USA's organizational goals, strategies, and work as we prepare our next Century of Leaders.

In response to council requests for more time on strategy and small group discussions, Camp Fire USA is convening a National Leadership Summit. Council executives, board chairs/representatives, council leadership staff, and council youth board members are invited to participate along with the national board of trustees and national staff leadership. This new event will:

- ◆ Build on Camp Fire USA's strengths and role as a national leader in youth development.
- ◆ Promote communication within our organization and tie local strategic goals with the national strategic goals.
- ◆ Provide quality time, at minimal cost, to the local and national organization to reconnect, network, and actively plan for Camp Fire's future.

The purpose of the Leadership Summit makes it a different type of event than the traditional National Leadership Conference. The length and airport hotel location make it an especially affordable opportunity for councils. National staff is working on the registration fee and securing quality hotel rooms at very reasonable rates.

PLEASE budget now and plan to be in Kansas City, Mo., Thursday, November 4, at 5 p.m. The event will end at 4 p.m. on Friday, November 5.

Help promote system-wide leadership of the Camp Fire USA mission.
